PROFESSIONAL PROFILE

Specialized Technician in IT Development, motivated and looking for a first opportunity in the IT field. My training and internship allowed me to build solid foundations in web development, database management and technical support. Serious, adaptable and a strong team player, I am eager to develop my skills within a company.

CAREER OBJECTIVE

Seeking a professional opportunity in the fields of IT, software development, technical support or administration, in order to put into practice the technical and interpersonal skills acquired through training and professional experience, and to keep growing within a dynamic team.

EDUCATION
